MEMORANDUM OF UNDERSTANDING BETWEEN THE
UNITED STATES GOVERNMENT AND THE GOVERNMENT OF ISRAEL

1. The United States informs Israel that Egypt's intentions are to clear and open the Suez Canal for normal operations, and to rehabilitate the cities and towns along the Canal and resume normal peacetime economic activities in that area, beginning as quickly as possible after the Disengagement Agreement is implemented.
2. The United States has received assurances from Egypt of its intention, upon completion of the implementation of the Agreement, to start reducing significantly its forces under mobilization if Israel gives a like indication to Egypt through the United States.
3. It is the policy of the United States that implementation of the Disengagement Agreement and substantial steps by Egypt to implement its intentions in Paragraph 1 above should take precedence over the undertaking of new commitments by the parties related to subsequent phases of the Geneva Conference. The United States will do its best to help facilitate the Conference proceeding at a pace commensurate with this view.

4. The United States position is that withdrawal of United Nations Emergency Forces during the duration of the Disengagement Agreement requires the consent of both sides.

Should the matter of the withdrawal come before the United Nations Security Council without the consent of Israel, the United States will vote against such withdrawal.

5. The United States will oppose supervision of Israeli-held areas by United Nations Observers from the Soviet Union, from other communist countries or from other countries which have no diplomatic relations with Israel. With respect to the deployment of forces in the United Nations Emergency Forces zone, the United States will approach the United Nations Secretary General with a view to working out arrangements whereby no units or personnel of nations which do not have diplomatic relations with Israel will (a) be deployed adjacent to the Israeli line, or (b) participate in the inspection of the Israeli area of limited forces and armaments.

6. The United States has informed the Governments of Israel and Egypt that it will perform aerial reconnaissance missions over the areas covered by the Disengagement Agreement at a frequency of about one mission every ten days or two weeks, and will make the photographs available to both Israel and Egypt.

7. The United States regards the Straits of Bab el-Mandeb as an international waterway and will support and join with others to secure general recognition of the right of free and innocent passage through those Straits. The United States will strongly support free passage of Israeli ships and cargoes through the Straits. In the event of interference with such passage, the United States will consult with Israel on how best to assure the maintenance and exercise of such rights.

8. With regard to the Egyptian undertaking not to interfere with the free passage of Israeli ships or cargoes through the Straits of Bab el-Mandeb, the United States informs the Government of Israel that it is the United States position that no notification in advance of the names of vessels passing through the Straits or any other prior communication to Egypt is required. The United States will immediately seek confirmation that this is also the Egyptian position.

9. Recognizing the defense responsibilities of the Government of Israel following redeployment of its forces under the Disengagement Agreement, the United States will make every effort to be fully responsive on a continuing and long-term basis to Israel's military equipment requirements.
